

10th MDS Colloquium

featuring AML & 7th Annual EMSCO Meeting

9 November 2019
Leipzig, Germany

PROGRAM

Session 1: EMSCO TRIAL UPDATE

- 08:30 **Update on ongoing trials**
Silke Gloaguen, Dresden
Fatima Chermat, Paris
- 08:50 **EMSCO trials in the pipeline**
Uwe Platzbecker, Leipzig
Lionel Adès, Paris
- 09:10 **Snapshot of current global clinical research in MDS**
Pierre Fenaux, Paris
- 09:30 **Regulatory aspects of clinical trials à EU 536**
Oana Brosteanu, Leipzig

Coffee break

Session 2: PATHOPHYSIOLOGY & PROGNOSIS

- 10:10 **Stem cell hierarchy in MDS – different than expected?**
Amit K. Verma, New York
- 10:30 **Niche and MDS: druggable targets?**
Daniel Nowak, Mannheim
- 10:50 **Iron in MDS: fake or fact?**
Emanuele Angelucci, Cagliari
- 11:10 **Molecular prognostic markers in MDS and AML**
Felicitas Thol, Hannover

Coffee break

Session 3: THERAPY OF MDS AND AML

- 11:50 **Standards and perspectives of treatment in lower-risk MDS – ESA first, EMA second?**
Uwe Platzbecker, Leipzig
- 12:10 **HMAs in MDS and AML. Isn't there any biomarker of outcome and response?**
Valeria Santini, Florence
- 12:30 **Are there any novel concepts of allogeneic transplant in myelodysplastic syndromes?**
Guillermo Sanz, Valencia

Lunch

Session 4: NEW TARGETS IN MDS AND AML

- 13:50 **How to improve outcome of high-risk MDS and AML in the elderly?**
Lionel Adès, Paris
- 14:10 **IDH1 and 2 revisited – a druggable target with curative potential?**
Paresh Vyas, Oxford
- 14:30 **Moving from bench to bedside in myeloid malignancies: the future of AML/MDS?**
Raphael Itzykson, Paris

Coffee break

Session 5: PLENARY I

- 15:10 **Inflammation in bone marrow failure, fact or artefact?**
Shahram Kordasti, London
- 15:35 **Inherited bone marrow failure syndromes – only a matter of paediatrics?**
Marie Sebert, Paris
- 16:00 **Dyserythropoiesis in MDS – causes and consequences**
Michaela Fontenay, Paris

Coffee break

Session 6: PLENARY II

- 16:45 **MDS/MPN, beyond genomic alterations**
Eric Solary, Villejuif
- 17:15 **Presence and future of cellular therapy in hematology**
Ulrike Köhl, Leipzig

Adjourn

The 10th MDS Colloquium has been accredited with **9 CME points** by the Sächsische Landesärztekammer (SLÄK).
